INSTRUCTIONS

Use this Worksheet to list each seller by name, the tubs sold and the prize they selected. If a seller does not select a prize, you will need to select one for her/him from the category they earned. You are welcome to make as many copies of this form as you need. Please call, fax, e-mail or mail this to us– if you mail it, be sure to keep a copy. Note: sellers can only select one prize – from the category they earned or below, they cannot "add up" lesser categories. If a prize is not selected we will select one for the seller using the level they sold in. The item selected will have an asterisk by it.
